

BARATZA®

# Forté BG

Flat Burr Grinder

The Forté BG (Brew Grinder) is a highly durable, commercial ready grinder built to deliver precision-ground doses that show off the intricacies of any brewed coffee.

This is the grinder your barista uses to make those pour-overs you enjoy at the café. Designed as a commercial solution to multioffering pour-over bars, the Forte BG is a feature-forward, high-capacity, near-bulletproof grinder.

## Features

### Burrs:

The Forté BG comes equipped with 54mm steel burrs that produce an accurate and consistent grind for a variety of manual and small batch brews. Our steel burrs were specifically designed to reduce fines, enhancing clarity of flavor in the cup. The broad grind range and narrow particle distribution (lack of fines) are the hallmarks of the superiority of the Forté BG burrs.

### Intuitive Interface

The Forté BG allows you to dose by weight or time. Our signature dose-by-weight is accurate to the tenth of a gram. One touch awakens the touchscreen. The touchscreen controls all operations with three programmable dose presets; the ability to switch between weight, time, and manual grinding modes; and start and stop buttons.

### Grind Adjustment

An all-metal macro and micro adjustment system produces a positive feel and secure grind setting. The macro-adjust moves from fine to coarse grinding in 10 distinct and repeatable settings. A secondary micro-adjust further divides each of the 10 macro steps into 26 distinct settings. These steps enable fine-tuning with ease, dialing in the exact grind for the preferred brew method being used.

### Recalibrating Burrs

The Forté BG is calibrated at the factory to ensure an accurate range of grind. If necessary, the Forté BG burrs can be easily recalibrated using the special calibration tool that comes with the grinder in order to tune the grind range for specific brew methods.

### Cleaning

Burrs can easily be removed for cleaning using the cast zinc tool that is included with your Forté.

## Accessories

### 54mm Ceramic Flat Burrs

(SOLD SEPARATELY)

54mm flat ceramic burrs are available to customize the Forté BG. Both steel and ceramic burrs work great for all brew

methods, but we understand that taste is subjective! If you prefer ceramic burrs, they are available for purchase in our parts shop!

## Specifications

Speed to Grind	1.3g/sec (#2Z) - 2.7g/sec (#10M)
Burrs	54 mm steel flat burrs
Bean Hopper Capacity	300 g (10.6 oz)
Grounds Bin Capacity	120 g (4.2 oz)
Weight	6.0 kg (13 lbs)
Product Dimensions (cm)	13 / 37 / 18
Construction Material	Cast Zinc

Available Colors	
Designed & Engineered	Seattle, WA
Manufactured & Assembled	Taiwan
Burr Manufacturing	Etzinger in Liechtenstein
Warranty	1-Year Manufacturer's Warranty
Safety Listing	UL/CSA/CE/EK
Certifications	CB, ETL, cETL
Power Rating	100-120VAC 50/60 Hz, 130W 220-240VAC 50/60 Hz, 130W class I
